Hello Simon,

It is very encouraging to receive your correspondence. We have had a relationship for over 10 years with Hope For Kids and other organizations led by Mish. The Board, staff and directorship are very trustworthy. We have witnessed the incredible impact Hope For Kids have made and continue to make in the lives of the most vulnerable children in the world. They not only touch lives in powerful ways but they are great stewards of the funding they receive. The organization reaches 700 kids through a network of 200 volunteers in a 150+ mile radius. They have especially transformed lives after the cyclone with new housing and basic support. In addition, they break down barriers through their efforts to provide sanitary products for young women who otherwise would drop out of school. We are so honored to be part of their benefactor pool.

If you prefer to talk more, I can be contacted at
